The Winnebage Indians.

WASHINGTON CITY, Oct. 5, 1846 The maxim that the week will always be the ictims of the strong has been powerfully illustrated here during the last week. The Winnebago Indians, once apowerful and active Tribe, and even now, in their de THE GREAT REGALTA -There is to be a great cay, a noble race of men, after having twice been compelled by the strong arm of the Government, to abanlands, have now, for the third time, been brought to the ost eligible on the whole river for a view new persecution. Several meetings have taken place Comptroller, Colonel Abert and Major Andrews,) and the

Delegation of Chiefs.

It appears that these Indians, now to be driven from their possessions in lowa, and reduced to the an alternative, of a settlement on the North nerous group which had assembled.

r. Parris opened the Council this morning with a few oductory remarks to the following effect:

Brothers! We meet you this morning our delibersmiles of the Great Spirit, and we trust that our deliberations will receive his approbation. The Council adjourned on Saturday in order to give you an opportunity to consult and come to a decision on the proposition to consult and come to a decision on the proposition. are now ready to receive your answer

A slight murmur ran through the Chiefs, and shortly afterward the orator of the delegation, Little Hill, one of the most diminutive of the group, rose and replied

Brothers. When you submitted your last propo to understand that a different proposi-made to us. We were told that we should tion would be made to us. We were told that we sho have the country South of the St. Peters, and now. Great Father tells us we cannot have that country. I have in this paper our reply to that proposition made in writing, because you submitted the prop in writing and we wish your reply to be in writing, there may be no mistake. I san too unwell to speak; morning, and we desire to expedite our business.

Some time then clapsed when Mr. Parris replied Brothers, we have examined the first paper handed to us by your Chiefs, and I shall make a short reply to it. We have not read your main proposition. I shall say nothing, therefore, concerning it until we have had time to examine it, when we will give you a final written.

that we think you are wise. The cause of your present poverty and difficulties is your proximity to the white

You said, and no doubt truly said, to Governor Dodge that many white people came to visit you and brought the bad water among you, and you desired to be re-lieved from this annoyance. You complained also to him of fraudulent sales made to you by the traders, and you wish the trade to be regulated on a more fair toot

from these difficulties that we wish you to remove to position where you will be no longer liable to these trustons and frauds, and where you may build up yo trusions and frauds, and where you may uniou up your fires to last as long as your nation continues. You know that where you now are, the game has all disappeared, and you are compelled to resort to the forests Last of the Mississippi for your supplies. This brings you in collision with the white men, and has sometimes rend ecessary that the military should be called out

mains that Santa Anna's left leg, or the leg which he left behind him at the time he was expatriated, and which was subsequently treated with such marked indignity by the populace, has been recovered—from a young man who had obtained possession of it in the hope that some day he might make a good speculation out of it as a valuable relic—and respectfully buried by the new authorities.

Gen Santa Anna has caused a circular to be issued to the Governors of the several departments ordering.

Copious extracts were read from the specches of we be interfere and protect her. Mr. Green first sent his interfere and protect her.

GREAT 17 NOT UNFRECEDENTED SPEED.—The steamboat Niagara, Capt. Elsworth, left New-York yesterday at 4 minutes past 7 A. M. arrived at Poughkeepsie. in 4 hours; and arrived at Albany at 19 minutes past 3 P. M. Making the trip in 8 hours and 15 minutes, in-cluding the landings, in all sixteen. [Argus.

The N. O. Board of Health reported twelve cases of Yellow Fever on the Sish uit. The cases were contined to strangers who had recently arrived in the city. The report says: "The board, under existing cir-cumstances, see no additional can be of abarm, since their last meeting. They are unanimous in the opinion that the fever is not at this time epidemic.
